Connections
Keeping Children
Safe and Happy

Hello!

My name is Alicia Mefford. I am a part time monitor and child advocate at River City Family Connections. We provide children and families a safe place to interact and build a relationship.

I am currently studying social work at USD with a specialization in child welfare and a minor in addiction studies. In the past, I have worked at multiple daycares with a wide range of age groups. This past summer, I was an intern for Child Protective Services in Yankton.

In my free time, I enjoy hanging out with my closest friends and watching movies

Warmest
Wishes,

Alicia Mefford
