

Hi, my name is Kim Cap and I am the Lead Monitor for River City Family Connections. Here at River City Family Connections, we help children in high conflict families. We are child advocates and want to do whatever is in the best interest of the child.

Keeping Children
Safe and Happy

I have been a part of this amazing team since October 2019. I am a Yankton native and went to college close to home at USD. There, I completed my Bachelors Degrees in Spanish and Sociology with a minor in Biology.

While getting my degrees, I was fortunate enough to study abroad in Spain. This gave me the opportunity to travel Europe. I would love to go back some day and also explore the rest of the world.

In my freetime you can catch me watching Netflix, curled up with a good book, or playing with my cats and dog on my parents farm.

"Children of today are the leaders of tomorrow"
-Nelson Mandela

Warmest
Wishes,

Kim Cap
