

Hello,

My name is Stacy Starzl, the Director of Program Operations. It is my mission to embrace children and survivors who have been impacted by child abuse, domestic violence, sexual abuse and sexual assault.

My career includes 10 years' experience working with youth ages 7-14, along with 5 years' experience in Higher Education. I have a BA in Psychology with a minor in Child and Adolescent Development with an emphasis on Child Trauma. My passion is helping survivors and children through trauma by working alongside them and guiding them on their journey towards healing.

We shall never know all the good that a simple smile can do. ~ Mother Teresa

Sincerely,

Stacy Starzl
